Receive DAVANTIS video analytics events in your Pinnacle system

DAVANTIS is 100% devoted to video analytics for perimeter security.

Over 15 years investigating beyond the obvious, using powerful and state-of-the-art algorithms to boost your cameras.

Pinnacle provides a hybrid software solution that seamlessly integrates on-site technology and offers a user-friendly interface both on-site and in the cloud, enabling control and insight for users.

Multi-site support allows end-users and maintenance

companies the ability to monitor and control their entire portfolio. The benefits of this are numerous as it gives the ability to monitor all aspects of the security system and all hardware from one place.

Now you can receive DAVANTIS video analytics events in your Pinnacle solution.

ClickThru™ technology

Our exclusive technology is a unique, simple, efficient system integrated into all CMS, VMS and PSIM.

Security in 3 Clicks

Click 1

Snapshot with a box highlighting the cause of the alarm.

Click 2

Video of the alarm at the activation point.

Click 3

Live access to the camera for immediate verification.

Receive DAVANTIS video analytics events in your Pinnacle system —

“

The integration with DAVANTIS is seamless and intuitive, enhancing our platform with their exceptional video analytics. The capability to deliver snapshots and video loops of each event to our Event Inspector significantly improves the user experience during alarm reviews

Ric Martin,
CEO, Pinnacle
